## Education

### Lovely Professional University

B.Tech in Computer Science and Engineering

Sep. 2022 – Present

Phagwara, Punjab

## Projects

### Inventory Management System [\(click\)](#)

May 2025 – Jun 2025

- Spearheaded the creation of a dynamic **inventory monitoring platform** using **Node.js**, **Express**, **MongoDB**, and **EJS** to **streamline product tracking**.
- Directed the design of **granular access controls**, ensuring administrators and staff operated under secure, well-defined privilege boundaries.
- Engineered **low-stock alert indicators** and tabular analytics to **enhance decision-making and reduce stockout risks**.

### AI Safety Incident Logger [\(click\)](#)

Apr 2025 – May 2025

- Orchestrated the development of a **RESTful API** using **Flask** and **PostgreSQL** to **manage AI safety incidents** with fields such as **title**, **description**, **severity**, and **timestamp**.
- Implemented robust **validation and error-handling mechanisms** to **strengthen data integrity** during incident reporting.
- Optimized **SQL queries and commit logic** to **deliver efficient CRUD workflows** with clear feedback messages.

### LeetCode Extractor [\(click\)](#)

Mar 2025 – Apr 2025

- Pioneered a **Chrome Extension** to **automatically extract code, runtime, memory stats, and language** from LeetCode submissions, helping users **simplify and accelerate solution tracking**.
- Leveraged **DOM manipulation** to **capture problem metadata** such as **title**, **difficulty**, and **tags**, formatting results into structured outputs.
- Streamlined communication between **background scripts, content scripts, and popup UI** via **Chrome Extension APIs** to **deliver a responsive and intuitive user experience**.

## Certificate

- Mastered DSA concepts with a focus on efficient problem-solving at CodingSpoon. **Jul 2024**
- Learned Python programming through a hands-on course at Cipher Schools. **Mar 2023**
- Studied Software Engineering fundamentals to advanced topics on Udemy. **Feb 2023**

## Achievements

- Solved 250+ DSA problems on GeeksforGeeks, have a rating of 1442, College Rank: 2198.
- Tackled 600+ coding questions on LeetCode, achieving a top rating of 1662.
- Tenacious coder, distinguished by a coveted 200-day LeetCode badge.

## Coding Profiles

LeetCode    GeeksForGeeks    CodingNinjas

## Skills

**Languages:** Python, Java, C, C++, HTML/CSS, JavaScript, SQL

**Technologies/Frameworks/Tools:** Flask, PostgreSQL, Git, Docker

**Core Concepts:** Data Structures, OOPS, RESTful API Design, DOM Manipulation, JSON Handling
